

Document and Process guidance

How to search for a FPGA to see if it is supported:

- 1) Do a search (control f)
- 2) Type in the device part number
- 3) Select down arrow
Example : xq6slx75tfgg676-2
- 4) If the device is not found do the following:
This will broaden the search within the device subfamily
Example : xq6slx75 The portion removed contained the device attributes, foot print , and temp range
- 5) Reduce the search to the first 5 or six characters
- 6) If the subfamily does not have a similar device submit a Case to add the FPGA.

Example AMD Part Number Example

1) 1.1 is the ordering code for the lower power, -1, speed grade.
2) 1.2 is the ordering code for the lower power, -2, speed grade.
3) 2.2 is the ordering code for the -2 speed grade device with higher performance transceivers.
4) Some package names do not exactly match the number of pins present on that package.
See UG475: 7 Series FPGAs Packaging and Pinout User Guide for package details.

00198_01_061317

Notes:

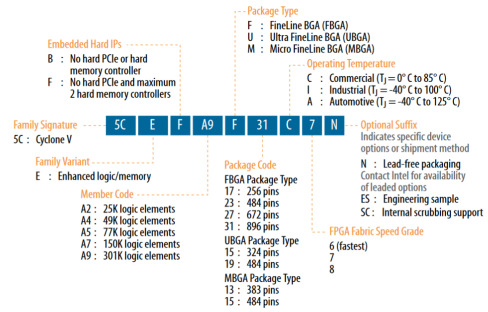

- AMD acquired Xilinx in 2020, AMD has dropped the Xilinx brand but, they Xilinx still have data sheets and some web pages.
- Intel acquired Altera in 2015. Some Altera parts have been rebranded to Intel. There are still Altera data sheets and web pages
- Microchip acquired Microsemi in 2018. Microsemi brand is being dropped.

Example Intel Part Number Example

Cyclone V Series FPGA

Sample Ordering Code and Available Options for Cyclone V E Devices

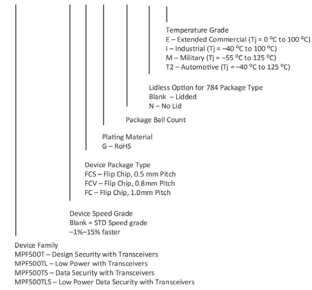

The SEU internal scrubbing feature is available for Cyclone V E, GX, SE, and SX devices with the "SC" suffix in the part number. For device availability and ordering, contact your local Intel sales representatives.

Example Microchip Part Number Example

Polarfire FPGA

MPF500T-1FCG1152NI
